**HIGHWAY PROGRAM SUMMARY  
ILLINOIS DEPARTMENT OF TRANSPORTATION  
DISTRICT 8, COLLINSVILLE**

**Overview**

Highway District 8 encompasses 10 counties in southwestern Illinois and includes the cities of East St. Louis, Alton, Belleville, Edwardsville, Jerseyville, Highland, Greenville, Mascoutah and Chester, plus many smaller communities which serve as satellites for the larger employment centers. The state highway system in District 8 consists of 1,650 miles of highways and 864 bridges, supporting 15.2 million vehicle miles of travel daily.

**State Program**

The program for state and local highways will average \$1.525 billion annually for the FY 2006-2011 period. Approximately \$551 million will be provided during FY 2006-2011 for improvements to state highways in District 8. The following table summarizes anticipated accomplishments on the state highway system in District 8 during this time frame.

**FY 2006-2011 Accomplishments**

<u>System Maintenance</u>	
Interstate (miles)	33
Non-Interstate (miles)	147
Safety Locations (number)	6
<u>Bridge Maintenance</u>	
Interstate (number)	16
Non-Interstate (number)	62
New Bridges (number)	19
<u>Congestion Mitigation</u>	
Roads (miles)	0
Traffic Improvements (number)	1
<u>System Expansion</u>	
Roads (miles)	24
Locations (number)	12

Major projects of interest that are tentatively scheduled during the FY 2006-2011 time frame include:

- **Interstate 55/64/70 Poplar Street Bridge over the Mississippi River in East St. Louis.** A new deck is programmed during FY 2007-2011 at a total cost of \$8 million. Missouri is the lead agency with Illinois sharing equally in the cost.
- **Interstate 55/64/70 Poplar Street Complex Tudor/Piggot Ramps in East St. Louis.** Bridge repair and bridge deck overlay on the Tudor/Piggot Ramps are programmed during FY 2007-2011 at a cost of \$16.8 million.
- **Interstate 55/64/70 Interchange (Tri-Level) in East St. Louis.** Reconstruction of the interchange at the three interstate routes is necessary to improve traffic operational conditions and provide access to the local street system. Construction and associated work are programmed during FY 2006-2011 at a cost of \$17.9 million. Of this total, \$95,000 is programmed for demolition in FY 2006. There is an additional \$93.8 million of work contingent on special federal funds.
- **Interstate 64 from Greenmount Road in O'Fallon to the Clinton County line in St. Clair County.** Resurfacing on 13.9 miles and bridge repair are programmed during FY 2006-2011 at a cost of \$17.6 million. Of this total, resurfacing on 3.9 miles and bridge repair from Greenmount Road to 0.7 mile east of Illinois 158 are programmed in FY 2006 at a cost of \$5.1 million.

- **Interstate 270 from the Canal Bridges to County Ditch Bridge.** Resurfacing on 6.1 miles and bridge repairs are programmed during FY 2007-2011 at a cost of \$8.7 million.
- **US 67 from Godfrey to Jerseyville in Madison and Jersey Counties.** Construction of new bridges, land acquisition and utility adjustments are programmed during FY 2006-2011 at a cost of \$25.2 million. Of this total, land acquisition is programmed in FY 2006 at a cost of \$1.5 million. TEA-21 provided \$12.2 million in High Priority Project funds for this project.
- **Illinois 3 relocation from Cahokia to Venice.** Engineering for the relocation along the East St. Louis riverfront is under way. Land acquisition, archaeological survey, utility adjustments, continuation of engineering, railroad relocations, construction of a new bridge and 2.1 miles of Illinois 3 relocation from the north connection to Kerr Avenue in Venice and from relocated St. Clair Avenue to the River Park Drive in East St. Louis are programmed during FY 2006-2011 at a cost of \$77.7 million. Of this total, land acquisition, archaeological survey, utility adjustments and railroad relocation are programmed in FY 2006 at a cost of \$5.7 million. There is an additional \$12.7 million of work contingent on special federal funds.
- **Illinois 15/13 from Greenmount Road to Deerfield Court in Freeburg.** Additional lanes on 3.5 miles and culvert replacement are programmed in FY 2006 at a cost of \$12.7 million.
- **Illinois 157 (Camp Jackson Road) from Illinois 3 to west of Interstate 255 in Cahokia.** Resurfacing on 1.8 miles, new railroad grade separation, utility adjustments and land acquisition are programmed during FY 2007-2011 at a cost of \$11.8 million.
- **Illinois 158 from Illinois 3 structure at Columbia to Illinois 15 ramp south in Belleville.** Resurfacing on 11.7 miles, bridge replacement, curve corrections, vertical realignment, left turn lanes, land acquisition and utility adjustments are programmed during FY 2006-2011 at a cost of \$13.7 million. Of this total, land acquisition and right-of-way surveys are programmed in FY 2006 at a cost of \$675,000.
- **Alton Bypass from Interstate 270 to US 67 in Godfrey.** Construction of the four-lane Alton Bypass from Interstate 270 to US 67 in Godfrey is in progress. The 6.5-mile segment from Interstate 270 to Illinois 143 is open to traffic. Construction on the 7.2-mile segment from Illinois 143 to Fosterburg Road is under way. Completion of contract plans and construction of the remaining 6.1 miles of mainline pavement and 1.7 miles of construction on cross streets from Fosterburg Road to US 67 in Godfrey are programmed during FY 2006-2011 at a cost of \$75.7 million. Of this total, land acquisition, utility adjustments and engineering for contract plans are programmed in FY 2006 at a cost of \$7.7 million.
- **East St. Louis, Illinois and St. Louis, Missouri: New Mississippi River Bridge (NMRB).** Engineering for location, design and environmental studies for a new bridge and its roadway connections between East St. Louis and the central business district in St. Louis, Missouri is complete. This engineering was initiated in FY 1992 with Illinois as the lead agency and Missouri sharing in the costs.
- Land acquisition and engineering for contract plans are under way. Missouri and Illinois are sharing the engineering costs for contract plans. Funding for public relations is programmed during FY 2006-2011 at an estimated cost of \$3.1 million. ISTEA included \$2.3 million in federal demonstration funds for this project. TEA-21 has provided \$1.1 million in High Priority Project (HPP) funds for this project. The cost to complete this project is currently estimated to be approximately \$1.3 billion and is unfunded. Completion of this project will require special federal funding over and above regular program funds. This complex project is expected to take 12 years to complete once funding is available to begin construction. The construction timeline will require special federal funding support beyond the new transportation bill proposal currently being considered by Congress.
- The location of the New Mississippi River Bridge is being coordinated with the relocation of Illinois 3 from Venice to Sauget/Cahokia and the Interstates 55/64/70 Tri-Level reconstruction in East St. Louis.
